Doctor nominated in prestigious awards

Mbekezeli Mbui

MBOMBELA - The Lowveld will once again be represented in this year's 40 Under 40 International Awards. The Lowveld and the province as a whole will be represented by a multi-award-winning medical professional, Dr Eurika Mogane.

These prestigious awards will be hosted in Ghana, and sponsored by the Department of Youth and Sports from the Republic of Ghana.

The awards are set to celebrate young professionals who have started their own businesses offering employment opportunities to other youth members within their respective communities.

Mogane is the founder of the Tharika M Health Wellness Centre which specialises in helping local community members with their holistic health journey.

Her company, Tharika M Health, was awarded in 2020 and 2021 with the Golden Key International Honorary Society Alumni Award and also an International Alison Online Learning Award for developing and translating a free online Covid-19 course for South Africans in their vernacular languages to know more about the pandemic.

"I was so humbled when the directors of this organisation reached out to me as a nominee to represent Mpumalanga and South Africa. I know that it is with my Lord Almighty that I am able to offer this support, healthcare and wellness services for many. My medical journey is a gift and it has never been easy. I always share with others about how I moved from being an office cleaner to a multi-award-winning medical professional

Dr Eurika Mogane.

today," said Mogane.

"I am thankful for the support and sponsorship of Apostle Peter Jones who invests his time in developing the youth from Mpumalanga and South Africa at large. Today, I have a well-oiled wellness centre offering various services to assist many struggling with digestive issues," added the ecstatic Mogane.
